Interactive Session by Prof Hema A Murthy for NPTEL Online course "Programming, Data Structures and Algorithms"

*IIT Madras organized an Interactive Session by **Prof Hema A Murthy** for NPTEL Online course **"Programming, Data Structures and Algorithms"** on 16th March 2016. Students from the various departments along with the faculty coordinator Ms. Ashu Khurana, Assistant Professor, Department of Computer Science & Engineering, attended the session. The objective of this session was to discuss the problem of students faced during the course. Dr. Hema concluded the session by giving tips about how to solve the problems in exam related to programming and data structure. She advised students to be calm, have the right attitude, and focus on the basics and willingness to learn something new.*
