PICTURESQUE on World Photography Day

*The Photography Club of Dronacharya College of Engineering, on the occasion of World Photography Day i.e. **19th August 2016**, organized a photography event **"PICTURESQUE".** Photographs of different rounds were collected on the due date, which was earlier given to the participants. These photographs were selected by the jury members for the next round. The students who qualified for the final round were supposed to display their story/ message based on the themes. It was a great platform for students to showcase their hidden talent.*

Prof. Dr. Karanjit Singh addressing the participants.

All the participants with the event coordinator, Reva Nagi.
