The National Programme on Technology Enhanced Learning (NPTEL), a project funded by the Ministry of Human Resource Development India (MHRD), provides e-learning through online Web and Video courses in Engineering, Sciences, Technology, Management and Humanities. The mission of NPTEL is to enhance the quality of Engineering education in the country by providing **free online courseware.** The main objective of NPTEL program is to enhance the quality of engineering education in the country by developing curriculum based video and web courses. This is being carried out by IITs (Seven), IISc Bangalore and other premier institutions as a collaborative project.

These course materials adhering to the syllabi of All India Council for Technical Education and the slightly modified curricula of major affiliating Universities. It has developed curriculum based video courses and web-based e-courses targeting students and faculty of institutions offering UG engineering programs.

Now there is no need to download these courses from the Internet, they are available throughout the campus via college LAN/ Wi-Fi on dedicated NPTEL Server in the Library

Our faculty members and students are advised to make use of these video and web courses for their teaching and study.
