DCE/TPO/4710

22 July 2008

1. Indian Air Force is in a process to conduct a Fast Track Selection (FTS) event shortly at different locations all over the country as done in the past. The event is planned for inducting officers in Aeronautical Engineer (Electronics), Aeronautical Engineer (Mechanical), branches of IAF. The FTS in your region would be conducted on 02 Aug 2008 at the venues mentioned below:-

Places	Centre	Dates	Date & Time of Registration
Delhi	Air Force Station Palam Near Hanuman Mandir Delhi Cantt, New Delhi – 110010	02 Aug 2008	02 Aug 2008 Between 0800 H to 1100 H
Ghaziabad	Air Force Station Hindon Ghaziabad (UP) – 201 004	02 Aug 2008	02 Aug 2008 Between 0800 H to 1100 H

2. The event has been advertised in the newspapers and for your region the advertisement has appeared in the *Times of India* Delhi Edition dated 20 Jul 2008. The copy of the advertisement is placed as attachment to this mail. The same has also been placed in our website www.careerairforce.nic.in for reference.

3. All the details such as venue and date, educational qualifications, age, procedure for selection, application performa and other relevant information has been adequately covered in the advertisement.

4. The opportunity exists for both men and women Engineers (B.E. / B.Tech. in applicable streams) for Aeronautical Engineer branches. Final year students can also apply provided they complete the qualifications and submit original / provisional certificate and marks sheets latest by 15 Dec 2008 failing which their candidature is likely to be cancelled.

5. The finally selected candidates would be joining the said branches in officers' cadre as Permanent / Short Service Commissioned Officers.

6. Eligible and willing candidates can appear for the selection process by reaching at the nearest venue along with FTS Performa (in two copies) and other specified documents as per the mentioned date and time. Registration will take place on the spot between 0800 H to 1100 H. The FTS performa can be collected from the undersigned.
