### COURSE NAME: DATA WAREHOUSING & DATA MINING

### LECTURE 4 TOPICS TO BE COVERED:

- × Online Analytical Processing
- Multidimensional data mode
- × Data cubes
- > Data warehouse process & architecture
- × OLTP vs OLAP
- × ROLAP vs MOLAP
- x types of OLAP servers
- × 3-Tier data warehouse architecture

### OLTP AND OLAP

- OLTP (on-line transaction processing)
  - + Major task of traditional relational DBMS
  - + Day-to-day operations: purchasing, inventory, banking, manufacturing, payroll, registration, accounting, etc.
- OLAP (on-line analytical processing)
  - + Major task of data warehouse system
  - + Data analysis and decision making

#### ONLINE ANALYSIS PROCESSING(OLAP)

 It enables analysts, managers and executives to gain insight into data through fast, consistent, interactive access to a wide variety of possible views of information that has been transformed from raw data to reflect the real dimensionality of the enterprise as understood by the user.

- On-line analytical processing (OLAP) can be performed in data warehouses/marts using the multidimensional data model.
- Typical OLAP operations include rollup, drill-down, sliceand-dice, pivot (rotate).
- OLAP operations can be implemented efficiently using the data cube structure.

Data warehouses and OLAP tools are based on a multidimensional data model. This model views data in the form of a data cube.

# OLAP CUBE

City	Product	Time	Units	Dollars
All	All	All	113	251.26
Mumbai	All	All	64	146.07
Mumbai	White Bread	All	38	98.49
Mumbai	Wheat Bread	All	13	32.24
Mumbai	Wheat Bread	Qtr1	3	7.44
Mumbai	Wheat Bread	March	3	7.44

#### Drill Down

Category e.g Electrical Appliance

Sub Category e.g Kitchen

 $\square$ 

Product e.g Toaster

#### Drill Up

Category e.g Electrical Appliance

Sub Category e.g Kitchen

公

Product e.g Toaster

#### Slice and Dice

Product=Toaster

#### Pivot

### A SAMPLE DATA CUBE

U.S.A Canada Mexico

## SLICE AND DICE

Sales of 3Qtr in USA

#### Sales of PC of 3Qtr in USA

## **PIVOT (ROTATE)**:

### ROLL UP (DRILL-UP) (DIMENSION REDUCTION EXAMPLE)
