

GUEST LECTURE ON "SIGNAL PROCESSING AND ITS APPLICATION" HELD ON 8 APR 16

Guest Lecture on "**Signal Processing & its application**" was organized by Dronacharya College of Engineering, Gurgaon on 08 April 2016 for the students of ECE Department. The key speaker of this lecture was **Prof. (Dr) S.D Joshi from Department of Electrical Engineering, IIT Delhi**. He got the Teaching Excellence Award in session 2010-11 for the course of Signal and System in IIT Delhi. His research interests include development of fast algorithms for stochastic signal processing, speech processing, group theoretical approach to signal processing and image processing.
