

**GUEST LECTURE BY PROF. B.K. PANIGRAHI FROM IIT DELHI, ON**  
**“BASICS OF NETWORK THEORY” ON 3 OCT 16**

A Guest Lecture on “**BASICS OF NETWORK THEORY**” was organized for ECE and EEE students of III semester, on 3 October 2016. It was delivered by **Prof. B.K. Panigrahi** of IIT Delhi at Dronacharya College of Engineering, Gurgaon. The aim of the lecture was to explore the technical aspects, contemporary applications in Network Theory. He briefed about basics of Network Theory, Energy Sources, Various Network Theorems, Transient analysis, AC & DC analysis of RLC circuits and various applications of network theory.
