

EDS Mini Colloquium on Nanoelectronic Devices

A mini colloquium was organized at IIT Delhi on 14th October 2016 by EDS IEEE Delhi Chapter. Eight Students from Department of Computer Science & Engineering attended the Colloquium. In this one day Colloquium there were many bright brains on the podium. In the end, there was an interactive questions and answers session in which attendees raised some questions and their doubts about the issues related to Moore's law and CMOS technology. It was very interactive and knowledgeable session for the students.
