

An Industrial Visit to SIFS INDIA

Dronacharya College of Engineering, Gurgaon organized an Industrial Visit at SIFS INDIA, New Delhi on 9th March 2016. Twenty Two students from Department of Computer Science & Engineering, accompanied by Mr. Amar Saraswat, Assistant Professor, CSE Department, attended the industrial visit. SIFS INDIA is leading independent private forensic science lab, registered with Government of India (MCA, Govt. of India) which provides various types of forensic services. The aim for this industrial visit was to enable students to learn about image processing techniques, and Cyber Forensics. During the practical sessions, the students enthusiastically interacted with demonstrator and clarified their doubts.
