

### *A WORKSHOP ON "DATA ANALYSIS USING R"*

*A workshop on "Data Analysis using R" was organized by School of Engineering, G. D. Goenka University, Gurgaon during "3rd International Conference on Recent Emerging Developments in Science, Engineering and Technology (REDSET2016)" on 22<sup>nd</sup> October 2016 with the basic as well as advanced statistical techniques by providing hands on experience in designing and executing appropriate analytic tools using R Language. **Saurabh Kumar (Roll no:-17129)** student of Computer Science & Engineering Department attended the workshop and gained hands on experience. The workshop proved to be useful in imparting the research competence and thereby enhancing the quality of research by developing data analysis capability to facilitate programming, decision making and publication.*

*Session in progress*

*CSE student Saurabh Kumar (17129)*
